25% Linn Per. Ryegrass	
15% Climax Timothy	
15% Smooth Brome	<b>ASK</b>

This is one of our most popular grass mixes because it can be used in a wide variety of areas

- Waterway mix does great on hillsides and dams, again because it is deep rooted, and also because it contains grasses that are very quick to emerge which hold the seed and soil in place
- Seeding Rate 25 lbs./Acre
